

Celebrate Recovery Grand County
March 2020

The Covid-19 situation is changing fast, and has continued to spread, thus causing concerns for many throughout the world. Please continue praying for a vaccine and a cure. As new hotspots and outbreaks are reported, we find it in everyone's best interest to take precautionary measures by postponing our Celebrate Recovery meetings and Step Studies at least through the end of March. We do this not only to protect our Forever Family, but also, in some cases, to comply with the Coronavirus health and safety standards. This decision has also been made collaboratively with WPCC and GRA, our sponsoring churches, and reflects the advice of the WPCC Elder Board.

Celebrate Recovery is committed to providing a safe place for people to gather. As followers of Jesus, we choose love over fear – perfect love drives out fear. We exercise caution so we can continue to represent Jesus and share the gospel with compassion and care. We pray for those who have already been affected, their families, caregivers, and medical professionals working tirelessly to respond.

We appreciate your understanding as we all navigate this difficult time. In the current climate, our commitment to you is to keep you apprised as often as possible on our current situation and upcoming events. We are looking in to the possibility of having Open Share groups of 10 or less begin meeting in April. Please be sure to check back on our Website, and be in contact with your Accountability Team and Sponsors.

In the meantime, we are going to offer a Livestream Worship and Testimony time on Friday nights at 6:45 PM at the following link: <https://youtu.be/4Ot05fOu0NU>

We are also including information from WPCC about Livestream Church Services and encourage you to participate in a live stream service this weekend.
